THE SUPERIOR READY MADE POOL RANGE

ABOUT

NARELLAN GO

With over 50 years experience manufacturing advanced fibreglass pools, we knew there had to be a better way to build an above-ground pool. From this ambition, our Narellan Go range was born.

With a Narellan Go pool you get to experience the epitome of convenience in pool installation. Simply drop your pool into its desired spot, fill it with water, connect it to power and you're ready to Go!

With a contemporary architectural above-ground design and a variety of customisable options, including pool colours, deck colours and cladding colours, Narellan Go above ground pools effortlessly blend style with functionality, for a unique backyard experience.

With options for fencing, heating and stairs available, you have peace of mind in knowing your ready made pool offers comprehensive safety features and convenient accessibility.

Hand-crafted with a full composite construction, Narellan Go pools are made to last and unlike other above-ground pools, Narellan Go pools will never rust, making it the superior pool alternative.

Our 15-year structural warranty is also unparalleled in the ready made pool industry, meaning you can be confident in your investment for years to come!

UNIQUE FEATURES & QUALITIES

Superior Quality

Hand made by our team, our Narellan Go range is made from the best quality composite materials, ensuring the upmost strength and longevity.

Enhanced Affordability

Narellan Go pools are lightweight compared to a concrete or steel structure pool, meaning you'll save on crange costs, engineering costs and the costs associated with building a foundation that supports a heavier pool.

Architectural Look & Feel

With 180 different combinations of pool, deck and cladding colours available, you have the freedom to create a pool that perfectly suits your individual taste, whilst complementing your outdoor space.

SPECS

Similar to a plunge pool in size, the Narellan Go range is perfect for those seeking a pool that won't take up too much space. Talk to our team about how a Narellan Go pool can best be integrated into your property. A Narellan Go pool has the added benefit of being plug and play, so if one day you no longer need a pool it is possible to simply empty it, disconnect the power and relocate it or sell it to the next user.

Waterline Dimensions
